

JURA E8 Dark Inox (2018)

The Jura E8 (2018) Dark Inox has been specially developed for preparing coffee specialties with milk foam. You prepare a total of 12 different coffee drinks at the touch of a button thanks to the user- friendly interface. Preparing the tastiest coffee is easy, but cleaning the espresso machine is just as easy. The fully automatic machine is equipped with rinsing and cleaning programs to keep the machine clean. The milk spout can be changed and is dishwasher-safe. You get this:

Starter set consisting of descaler, water filter, measuring strip for water hardness, scoop for ground coffee, manual, reservoir for milk system cleaning.
