

Ocean bottle filling station

CLEAN WATER WITHIN REACH

Filter is NSF certified to help put cleaner, healthier water within reach by reducing lead and other contaminants.

HANDS-FREE OPERATION

The touchless, sensor-activated bottle filler is designed for easy use. There's no need to hold the bottle; just place and fill.

REAL DRAIN

The basin includes a real drain system to help with drainage and eliminate standing water.

SEE BOTTLES SAVED

Exclusive Green Ticker™ informs user of the number of 20 oz. plastic water bottles saved from waste by using refillable bottles at the bottle filling station.

ANTIMICROBIAL PROTECTION

Key plastic components on the unit have a special silver ion antimicrobial protection that inhibits the growth of mold and mildew.

MINIMAL SPLASHING

Bottle filler dispenses a clean, laminar flow of water so there is minimal splashing when filling reusable bottles and cups.
