

Magic Sing E5 Dual – Karaoke Machine

With the Magic Sing E5 Dual system, you want to be among the biggest stars of all. The set includes two wireless microphones with built-in remote control.

The E5 karaoke system connects via wifi to the Magic Sing server where you can access a huge database of songs, including the latest hits. With this set you get a free 60-day subscription.

Connecting is very easy. You connect the E5 system to your TV via HDMI. Here you get to see the lyrics in full HD with beautiful backgrounds. With the 3.5 mm mini jack output you can connect the audio output to an audio system of your choice.
