

Elliptical Vision S60

The S60 Suspension Elliptical trainer combines an ideal stride motion and ergonomically correct foot positioning for years of user comfort. Two stages of self-generating power allows for freedom of placement anywhere in the room.

It provides easy-to-read feedback at a glance, including:

time, distance, speed, resistance, level, RPM, METs, watts and heart rate. Plus, heart rate training is easy with the contact grips and built-in wireless receiver.
