

RDX Sports F6 Kara Thai Pad Black

Practice different combinations during your next workout with RDX's F6 Kara Thai pads. These pads are designed with Maya Hide synthetic leather and feature beautiful matte black finish. This unique synthetic leather is tear- and scratch-resistant and made to last. The lining is designed to absorb as many punches as possible, allowing you, the fighter, to concentrate mainly on the exercises themselves. The blows are distributed nicely evenly, allowing your workouts to last longer. Fasten them securely to your arms using the two adjustable straps and the conveniently positioned handle with padding on the top for extra grip.
