

# Toorx Fitness MCR-24 Adjustable Dumbbell 2.5 to 24 kg

The Toorx MCR-24 is a space-saving dumbbell that combines 15 different weights in one compact design. Thanks to the clever rotation system, you can easily choose the weight you want, ranging from 2.5 to 24 kg. Ideal for home users and athletes who want to train efficiently without buying a whole rack full of dumbbells.
